# What is the Total Revenue for Health Care Sector in Year 4?

Here is the Histogram for the Total Revenue for the Health Care Sector in Year 4.

This is a right or positively skewed distribution meaning the mean is higher than the median.

The mean total revenue is \$27,342,760,651 which is more than double the median value of \$10,629,719,000. Most frequent total revenue for 32 companies falls between \$1,032,336,001 to \$28,154,002,286.

The std deviation is \$46,169,671,837.84 which is very high indicates the values are more spread out.
